6 pm-7 pm**

January 18, 2012

**Spring Avenue Recreation Center
6 pm-7 pm**

RSVP

Jeannie Robinson, 630-942-7267

We make learning fun!

The Glen Ellyn Park District Preschool Program provides a stimulating environment which enhances socialization, cooperative play and fun-filled learning.

Classes include a variety of experiences and media to facilitate learning concepts of vocabulary, numbers, shape, form and other cognitive abilities through a play-based atmosphere where children explore and develop.

Each level (2+, 3, 4, 4+ & K Enrichment) includes science, language and motor development in a recreational setting. Games, crafts, songs and stories are all age appropriate and easy to enjoy.

The daily schedule is a mix of teacher-directed, child-directed, small and large group activities based on a weekly theme. Children are involved with block building, art materials, music, books, dramatic playing, cooking and more. Children also have monthly visits from the Glen Ellyn Public Library and BS#arp Music for Children.

For more information, please contact Jeannie Robinson, Recreation Supervisor at jrobinson@gepark.org.
