

Fast Facts

Welcome to Glen Ellyn School District 41

District 41 is known for high academic achievement, a strong sense of community, and active family involvement. We educate approximately 3,600 children from Pre-Kindergarten through eighth grade in four elementary schools and one junior high. Our job is to help every child succeed by meeting his or her academic, social and emotional needs.

Boundaries

We serve parts of Carol Stream, Glendale Heights, Glen Ellyn, Lombard and Wheaton. Our boundaries go roughly from Route 53 on the east, President Street on the west, Roosevelt Road (Route 38) on the south and North Avenue (Route 64) on the north. Our graduates attend Glenbard West High School in Glenbard District 87.

Learning

Our students do well on national, state and local measures of achievement. Our comprehensive curriculum is similar to that of other high-performing districts, and includes Language Arts, Math, Science, Social Studies, Art, Music and Physical Education. In addition, Hadley Junior High students receive instruction in Technology, Health, Life Skills, Study Skills and Foreign Language. Hadley also offers its students a range of choices, or electives; examples of these are band, orchestra, drama, cooking, military history, household chemistry, lego-robotics and more.

Programs and services

We value what we have in common, learn from our differences and honor diversity in language, culture and ability. We offer many programs and services to meet the needs of all learners, such as English Language Learning and Special Education services. In addition to highly skilled teachers, professionals such as Math, Literacy and Gifted Specialists, Social Workers, Psychologists, School Nurses, Counselors, Aides and others work together to provide support as needed. We also reach out to families with services such as translation, parenting classes and bilingual technology instruction.

Finances

Academic and financial information is regularly reported and available to the community on www.d41.org. District 41 operates at a per-pupil cost that is commensurate with comparable districts, and our independent auditors find district finances to be healthy and well managed.

Involvement and information

Informed community members are important to the success of the district and of our children. We encourage you to attend Board of Education meetings and become involved. Visit www.d41.org to subscribe to our email news service and for up-to-date information on Board of Education meetings, district initiatives, finances, and academic performance. Questions? Contact Director of Communications and Grants Julie Worthen at jworthen@d41.org or (630) 534-7218.

OUR VISION:

Ignite passion.
Inspire excellence.
Imagine possibilities.

Our Mission

We embrace the future with optimism, working in partnership with our community on behalf of our children. We develop intellect, engage creativity, foster responsibility, and build positive and collaborative relationships to enable all children to thrive in a changing and increasingly global society.
