Dr. Christopher Dransoff, Principal

2009 - 2010

Dear Incoming 8th Grade Parent/Guardian:

Although more specific information about graduation will be sent home later in the school year, we are already beginning to make plans!

In order for your students name to be printed correctly on the diploma, we ask that you print your child's name exactly as you want it to appear (i.e., first name, middle name or initial and last name) on the space provided below.

We also offer the services of a photographer during the ceremony. This is an optional service, but in order to facilitate the prompt delivery of these proofs to your home, we need your permission to release your home address information to this provider.

Your signature below will confirm how your student's name will be printed on the diploma and also allow us to release your home address information to the graduation photographer. It also confirms that you understand that participation in the graduation ceremony is dependent on your child's academic performance and adherence to Hadley's student behavior policies.

Thank you for your attention to these important details.

Christopher Dransoff, Ed.D.
Principal

I would like my child's name printed on the diploma as shown:

STUDENT NAME-PLEASE PRINT

Parent/Guardian Signature

I am aware that participation in the graduation ceremony is a privilege, which may be forfeited by a child's behavior or academic performance.
