

**Administrative Procedure - Eligibility for Participation in Extracurricular Activities Extra Curricular Code of Conduct**

**REQUIREMENTS FOR PARTICIPATION**

*In order to be eligible for participation in extra-curricular activities, students must observe the standards of behavior set forth in the District's discipline policy. **In addition, students must maintain grades which are in accordance with the student's ability. Teachers will notify coaches whenever a student's performance does not match his/her ability level and when they feel a student is not putting for the effort needed to succeed.** When a teacher identifies a problem with an individual student, the coach will consult with that teacher to determine if effort has improved. If no improvement is noted within two weeks, students may be barred from continued participation on the team or in the extra-curricular activity in question.*

Please mark the student athlete's performance (*M, P, NM, or A*) in each of the Work Habits. The information provided will be used to determine participation on the team or in the extracurricular activity. Should performance change in any Work Habit area, please notify the coach.
